my name is peter and i got some hard evidence that the king of pop is alive and well . i just came across this picture on the internet it show hard evidence that Michael Jackson is alive and well look at the man behind Joe Jackson isn't it wired that he has the same nose and the curly long hair that he had back in the 90s it looks like Michael has been using professional latex prosthetic makeup to disguise himself he looks really familiar and all so wearing a trucker cap as well and plus that nose and chin is a dead giveaway

see the photos urself and u be the judge

This picture came with the London e-mail.

Viewers spotted this as an older pic of Michael which took all credibility out of Bob's story, If you have any information about a Michael sighting in London please contact us

It's Been 10 Years WE MISS YOU

June 25, 2018 marks 10 years since the event. It's been 10 years without the world's greatest entertainer. 6 years without the magic. 10 years waiting to feel the joy again. Michael , the demand for you has done nothing but grow. All of your old songs are selling more than ever. There are movies, videos and holograms. Your estate has made more money than ever. Your kids are set for life. All that's missing is you. Why do so many fans refuse to accept that you are gone ? Why are so many hoping that just maybe, Michael Jackson "the magician" made himself disappear and will come exploding back on the scene ?
